

AMERICAN UNDERDOG

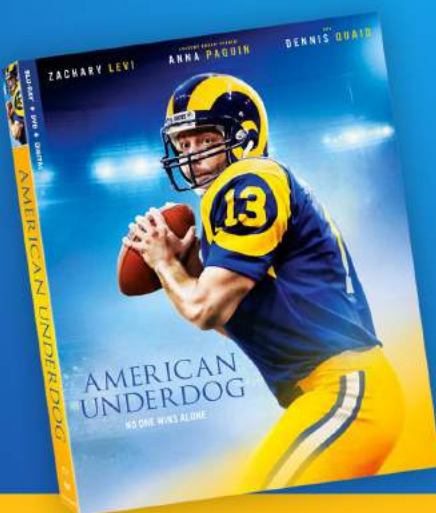

ORIGAMI FOOTBALL

Instructions:

1. Fold a piece of 8.5 x 11 inch paper in half vertically, then cut the paper down the middle to make two pieces that are 4.25 x 5.5 inches.
2. Fold one piece in half vertically with the opening on the right side.
3. Fold the bottom right corner inward to the seam of the paper column to form a triangle.
4. Next, fold the triangle up to form another triangle along the paper column seam.
5. Continue to fold the triangle over itself until you reach the top of the paper column with just a few inches of paper remaining.
6. Carefully insert the remaining edge of leftover paper between the folds of your paper triangle to secure in place.
7. For an extra touch, decorate the paper football with football stickers.
8. Create a goal post from objects you have (or recruit a friend to use their hands) and practice flicking your paper football to score a field goal.

Supplies:

- 8.5 x 11 inch paper (blue or yellow)
- Double-sided tape or glue
- Scissors
- Football stickers
